

Honoring Our Veterans and First Responders

The Wayne Township Board of Trustees is exploring a “Home Town Heros” banner program as a living tribute for our community to honor past and present members of our Armed Forces, First responders and their family members. Banners would be provided by the township and installed upon Duke Energy poles along State Route 131 in the unincorporated village of Newtonsville.

The Wayne Township Board of Trustees is soliciting resident comments or questions related to this proposed program. Please email comments or questions to the Wayne Township Administrator at dmoulden@wayne-township.org.
